Medical Students' Attitudes to Non-Medical Clinical Supervision in an Interprofessional Orthopaedic Community of Practice Model.

[Deborah Jackson](#)

Do ankle foot orthoses improve balance in children with spastic diplegia?

[Lucy Silvester](#)

A cohort study to assess patient outcomes following complex musculoskeletal injury and how the rehabilitation pathway impacts on their recovery

Session 3 The Debate (16:50 - 18:00)

Day case knee replacements: in the patient's best interests?

The ATOCP debate returns for a third year! Following on from the success from our 1st debate for and against hip precautions after primary total hip replacement and repair or rehab: management of rotator cuff tears we are exploring whether or not day case knee replacements are in the patient's best interest.

FOR the motion - [Cathy Jenkins & William Jackson](#)

AGAINST the motion - [Katrina Mitchell & Sam Yasen](#)

A debate will be chaired by [Jack Chew](#) prior to an audience vote

Social (19:00 - late)

- Walkabout Birmingham (*a short walk from the venue*)
- Complimentary finger buffet and a drink
